FOREWORD

It would take a whole
book to tell you what
think of you. Ha! Honestly
though I couldn't forget
you, especially after sleeping
on my sofa + breaking
the sleep. I'll never forget the
look of love + hope to
see you.

Carol
Wall

To the student, the faculty, and
the friends of the South Pasadena San
Marino High School is presented the
OFFICIAL BOOK of 1950. The staff has
endeavored to picture via the camera a
new view of the school from the inside
and outside.

Each year the school has a stage
and the students get to see the
play. From the stage the
the stage of the school the next
year will be the stage of the school. T
the school will be the stage of the school.

1. *Journal of the American Medical Association*, 1997; 277: 1025-1030.

RATION

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

The other two functions are F_1 and F_2 . As A is a function, F_1 and F_2 are also functions. We can then define F_1 and F_2 as follows:

$$\text{F}_1(x) = \begin{cases} 1 & \text{if } x \text{ is a function} \\ 0 & \text{otherwise} \end{cases}$$

$$\text{F}_2(x) = \begin{cases} 1 & \text{if } x \text{ is a function} \\ 0 & \text{otherwise} \end{cases}$$

Both F_1 and F_2 are functions. As

$$P_{11} = \frac{1}{2} \left(\frac{1}{2} + \frac{1}{2} \right) = \frac{1}{2}$$
[illegible]

COMMISSION

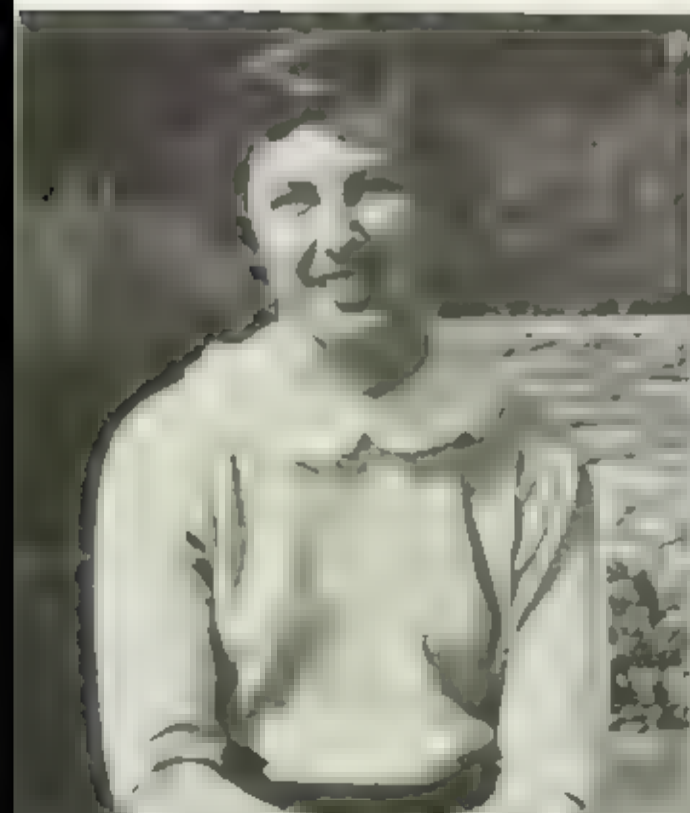

The Commission on the Law of the Sea, established by the United Nations Conference on the Law of the Sea, has the honor to inform you that it has completed its work and has submitted its final report to the United Nations Secretary-General. The Commission's report, which is being distributed to all member states, contains a comprehensive analysis of the current state of the law of the sea and proposes a number of reforms to bring the law into line with the needs of the modern world. The Commission's work was carried out in a spirit of cooperation and mutual respect, and we are confident that the reforms proposed in its report will be widely welcomed.

A black and white photograph of a group of people, likely a family, sitting together outdoors. There are about ten individuals, including men, women, and children, dressed in early 20th-century attire. They are posed in front of a dark, possibly wooded background.

The sophomore class of 1952 is proud to announce the formation of the Sophomore Christmas Committee. This year the committee has planned a series of events to help raise funds for the Christmas season. The first event will be a Christmas party on December 15th, followed by a Christmas concert on December 18th. The committee also plans to have a Christmas tree in the school cafeteria and to have a Christmas dinner for the poor on December 25th. The committee is made up of the following members: Frank Loffer, president; Kenny Kiesler, vice-president; Carol Easley, secretary; and Patty McMarten, treasurer. The committee is sure that these events will be a great success and will help to make the Christmas season a happy one for everyone.

Members of the Glee Club, 1911-12. The group is posed in front of the main building of the school.

The Glee Club performing in the gymnasium, 1911-12. The students are wearing white robes and are singing into microphones.

CSF

The four young men in the photograph above are members of the CSF (California State Federation) and are posing for a group portrait. They are all wearing white shirts and dark trousers, and are standing in a row. The man on the far left is wearing a dark jacket over his white shirt. They are all smiling at the camera.

A large group of students, likely a choir or a group of students, posing in front of the main building of the school. The group is arranged in several rows, with some individuals in the front row wearing white robes or gowns.

1. **LAKE** - The lake is a large body of water, often found in a valley or basin. It is a natural feature of the landscape, and its size and shape can vary greatly. The lake is often surrounded by a shoreline, which can be rocky or sandy. The water in the lake is often clear and calm, reflecting the sky and the surrounding landscape. The lake is a popular destination for recreation, and many people enjoy fishing, boating, and swimming in the lake. The lake is also an important part of the local ecosystem, providing a habitat for many different types of plants and animals.

SCHOLARSHIP SOCIETY

[illegible]

1. The first step in the process of identifying a problem is to recognize that a problem exists. This is often done by comparing current performance with a desired state or goal. If there is a significant difference, a problem is identified.

2. Once a problem is identified, the next step is to define the problem more precisely. This involves determining the scope of the problem, the resources available, and the constraints that may affect the solution.

3. The third step is to generate potential solutions. This can be done through brainstorming, research, or consulting with experts. The goal is to come up with a range of possible options to address the problem.

4. After generating potential solutions, the next step is to evaluate them. This involves comparing the pros and cons of each option, considering the resources required, and assessing the potential impact of each solution.

5. The final step is to select a solution and implement it. This involves choosing the most appropriate solution based on the evaluation and then putting it into action. Monitoring and evaluation are also important during this stage to ensure the solution is effective and to make any necessary adjustments.

HISTORY DEPARTMENT

The History Department is proud to have the following members:

Mr. [Name] is the department head and has been teaching history for over 20 years. He is a member of the National History Teachers Association and the American Historical Association.

Mr. [Name] is a member of the department and has been teaching history for over 10 years. He is a member of the National History Teachers Association and the American Historical Association.

Mr. [Name] is a member of the department and has been teaching history for over 5 years. He is a member of the National History Teachers Association and the American Historical Association.

Mr. [Name] is a member of the department and has been teaching history for over 3 years. He is a member of the National History Teachers Association and the American Historical Association.

A group of students and teachers sitting around a table, engaged in a discussion or activity.

Members of the COMES Club, including the President, Vice President, Secretary, Treasurer, and other officers, posing for a group photograph.

COMES CLUB

The COMES Club is a group of students who are interested in the study of the history of the United States. The club was organized in the year 1911, and has since that time been active in promoting the study of American history. The club has held many meetings, and has given many lectures and readings. The club is open to all students who are interested in the study of American history.

Members of the COMES Club, including the President, Vice President, Secretary, Treasurer, and other officers, posing for a group photograph.

LE CERCLE FRANCAIS

Le Cercle Français est une association
 qui a pour but de faire connaître
 la langue et la littérature française
 aux étudiants étrangers.
 Elle organise des conférences,
 des lectures, des soirées de
 musique et de danse.
 Elle a aussi une bibliothèque
 où l'on peut trouver des livres
 et des revues en français.

Les membres du Cercle Français, 1911-1912.

CIMOTA CLUB

The Cimota Club is a group of students who are interested in the study of the history and culture of the Cimota region. The club was founded in 1965 and has since grown to include members from all over the world. The club's main purpose is to promote the study of the Cimota region and to provide a forum for the exchange of ideas and information. The club meets regularly and has a variety of activities, including lectures, field trips, and the publication of a journal. The club is open to all students who are interested in the study of the Cimota region.

MATHEMATICS

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for ensuring the integrity and transparency of the financial system. This section also outlines the various methods used to collect and analyze data, highlighting the role of technology in modern financial analysis.

The second part of the document focuses on the challenges faced by financial institutions in the current market environment. It explores the impact of global economic trends and regulatory changes on the industry. The text discusses the need for innovation and adaptation to remain competitive and compliant. It also touches upon the importance of risk management and the role of various stakeholders in the financial ecosystem.

The third part of the document provides a detailed overview of the financial markets and the instruments used within them. It covers topics such as interest rates, currency exchange, and the role of different types of securities. The text also discusses the importance of understanding market dynamics and the impact of external factors on market performance. This section aims to provide a comprehensive understanding of the financial landscape and the tools used to navigate it.

The fourth part of the document discusses the role of financial institutions in the economy and the impact of their activities on various sectors. It explores the relationship between financial institutions and the real economy, highlighting the importance of providing capital and liquidity to support growth and development. The text also discusses the challenges faced by financial institutions in managing their portfolios and the impact of market volatility on their operations.

The fifth part of the document provides a summary of the key findings and conclusions of the study. It reiterates the importance of accurate record-keeping and the need for innovation and adaptation in the financial industry. The text also highlights the role of financial institutions in the economy and the impact of their activities on various sectors. Finally, it provides a list of references and a glossary of terms used throughout the document.

سازمان

BUSINESS

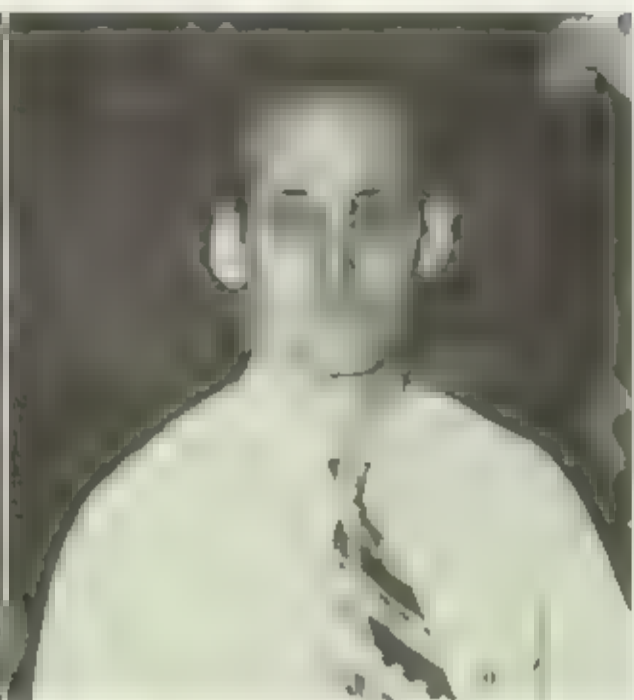

The new business center, located at the corner of Main and 1st streets, is a fine example of modern architecture. It is a two-story building with large windows and a modern interior. The building is owned by the city and is used for various business purposes. The new business center is a fine example of modern architecture. ART

The art department has been very active this year. The students have been working on many projects, including painting, drawing, and sculpture. They have also been participating in art competitions and exhibitions. The department is proud of the talent and creativity of its students.

The art department is a vital part of the school's curriculum. It provides students with a chance to express their creativity and develop their artistic skills. The department is committed to providing a high-quality art education for all students.

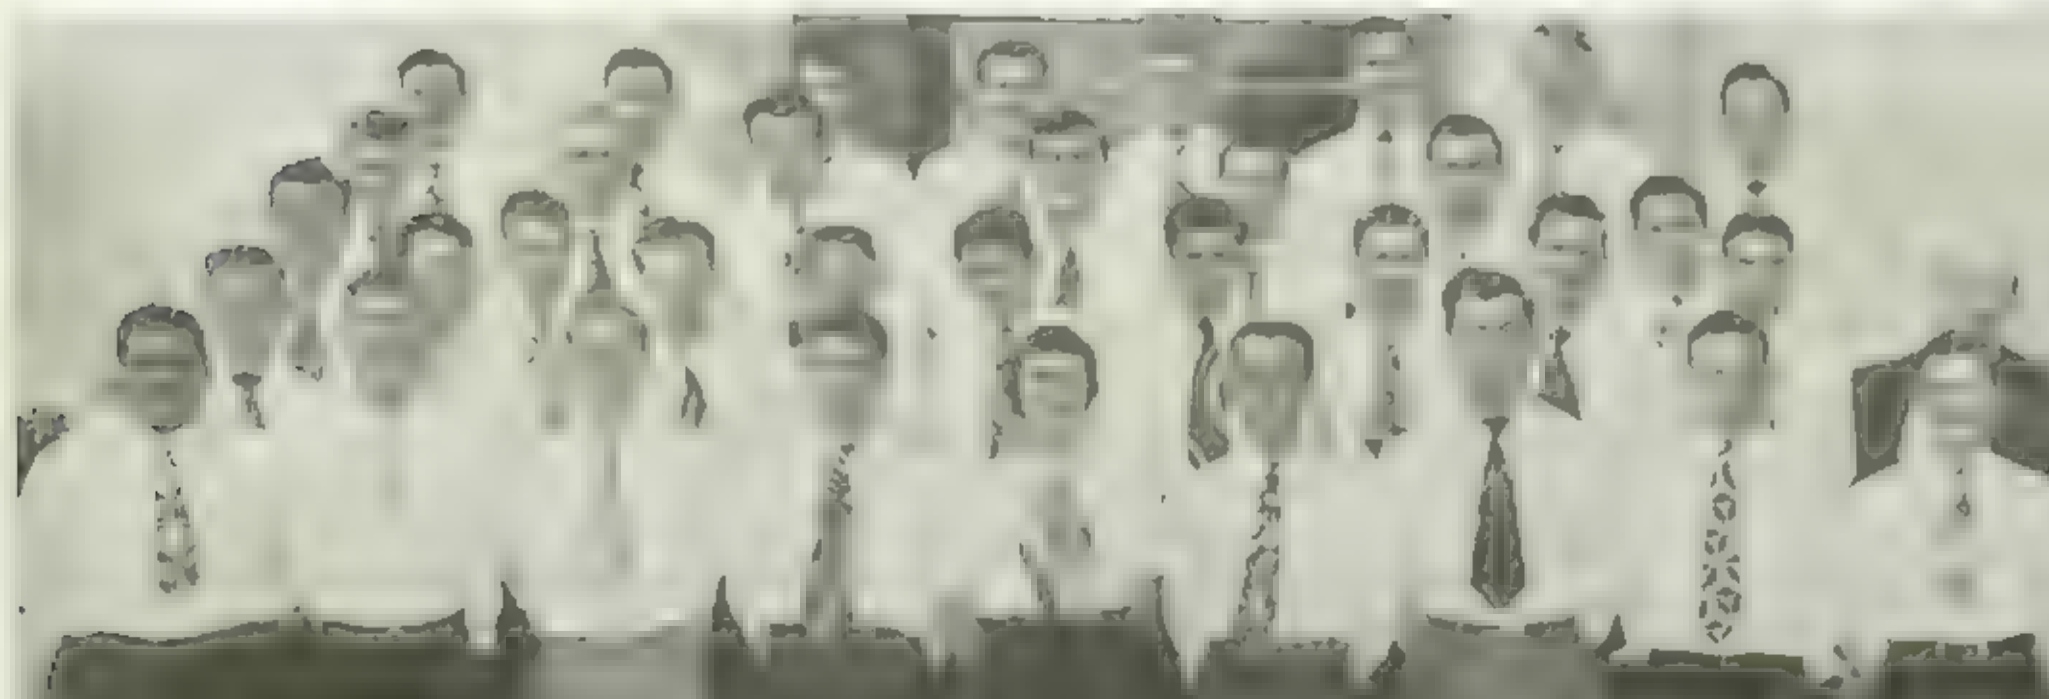

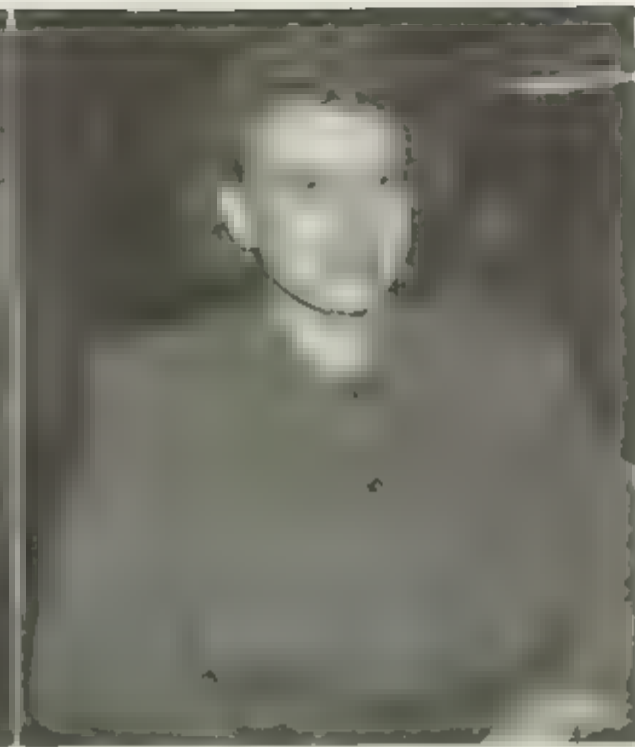

GLEE CLUBS

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a very long letter, and it contains a great deal of information about the state of the country at that time. The President talks about the war, the economy, and the government. He also talks about the people of the country and how they are feeling about the war. The letter is written in a very formal and official style, and it is signed by the President.

LEAGUE CHAMPS

VARSITY GRIDIRON REVIEW

Fieding one of the greatest teams in South Pasadena entire football history, the 1949 Varsity football squad showed their greatness by easily taking the Foothill League Title and then going on to win a permanent berth in the CIF semi-finals.

The mathematicians showed that South Pasadena, under the leadership of talented Coach Frank Williamson and the line coach James Eacutt, in league play averaged 43.3 points per game to an opponent average of 12.1 point. Scoring all together 58 touchdowns and 41 conversions the Tigers were the highest scoring high school in Southern California, totaling 389 points against 150 opponent points.

In individual play the Tigers took highest honors with such adepts as Team Captain Bob Garrett and leading scorer Ronnie Stewart.

Quarterback Bob Garrett, a three-year letterman, led the Tigers to most of their victories with terrific passing and ball handling. Ronnie Stewart, also a three-year letterman stacked up the points with skilled aerial and ground work. Garrett and Stewart made all CIF first and second teams respectively. (One of the Tiger's fine ends, George DeWeese also made the CIF first team). The Tiger varsity first string line was a leading factor in South Pasadena's fine showing this 1949 season. Averaging 195 pounds, the Tiger line overbalanced any opponent line making a steady foundation for signal calling.

In the opening game of the season, the Tigers met their first defeat against a formidable foe. Mark Keppel Aztec losing 0-18 in the Aztec's first scalping of the Tiger varsity in five years.

With second string quarterback, Pete Reynolds, taking the place of the injured Bob Garrett, the Tigers rolled over E Monte Lions 24 to 6 in the second encounter of the season.

In the Foothill League opener, the Tigers easily defeated

the Bell Garden Lancers, 47 to 6. Although still injured, Bob Garrett went in to make his first five conversions.

In the second encounter of the season, which was against Burbank, Bob Garrett headed the Tiger varsity to a 40-21 win. This was the Foothill League clincher, since Burbank lost only to the mighty Tigers. Bob Garrett tossed five touchdown passes, with Ronnie Stewart going over from the five for the lone ground score.

The Tiger's next three victims were downed with ease. They were Glendale Broadway, defeated 41-19, John Burroughs 41-7, and Glendale Hoover 62-12 which was the highest score run up against an opponent by South Pasadena in its modern history.

The "big" game of the league season was against a strong Monrovia eleven. With the backing of the entire student body, the Tigers played one of their finest league games of the season, bowling over the Wildcats 45-13.

South Pasadena totaled their seventh league win by defeating Covina in the last league game of the season 28 to 7.

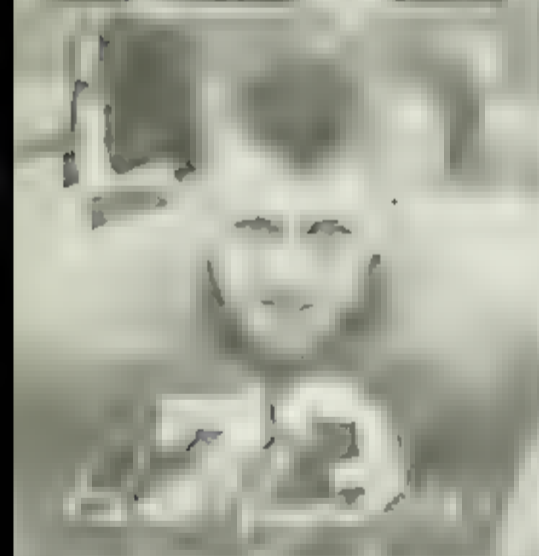

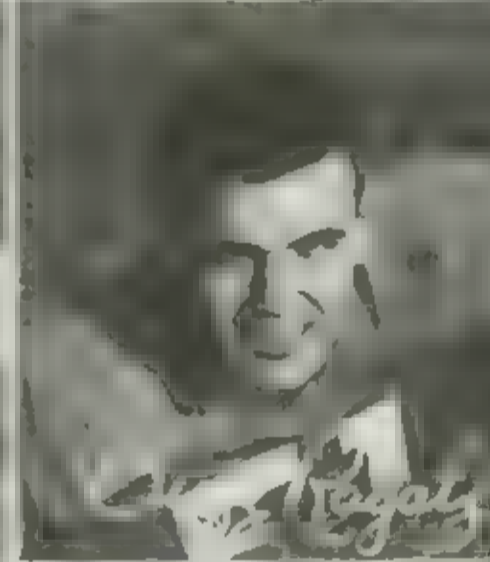

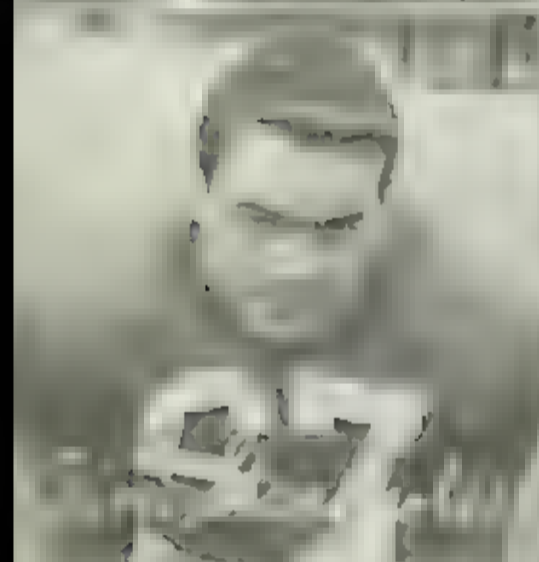

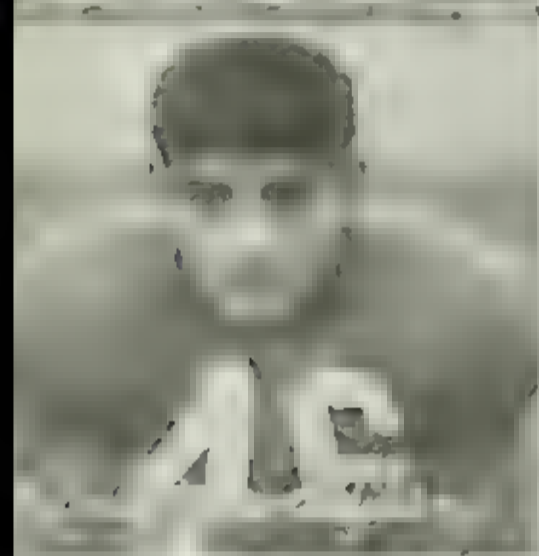

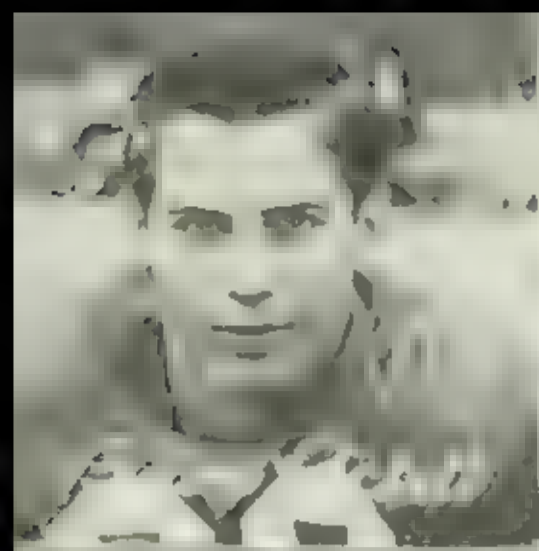

Having won the Foothill League title, the Tigers moved into the quarter final position of the CIF opposite the strong Cantwell eleven, which had taken by storm the Catholic League victory from the favored Loyola team. In the Rose Bowl the Tigers again gained glory as they whipped the over-rated team, 41-7, and stepped into the semi-finals against the mighty Santa Barbara Dons.

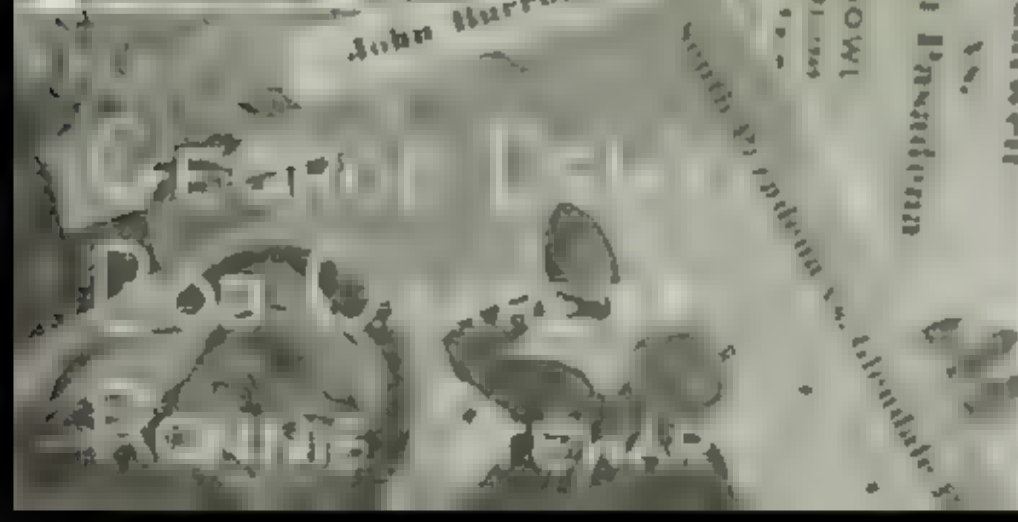

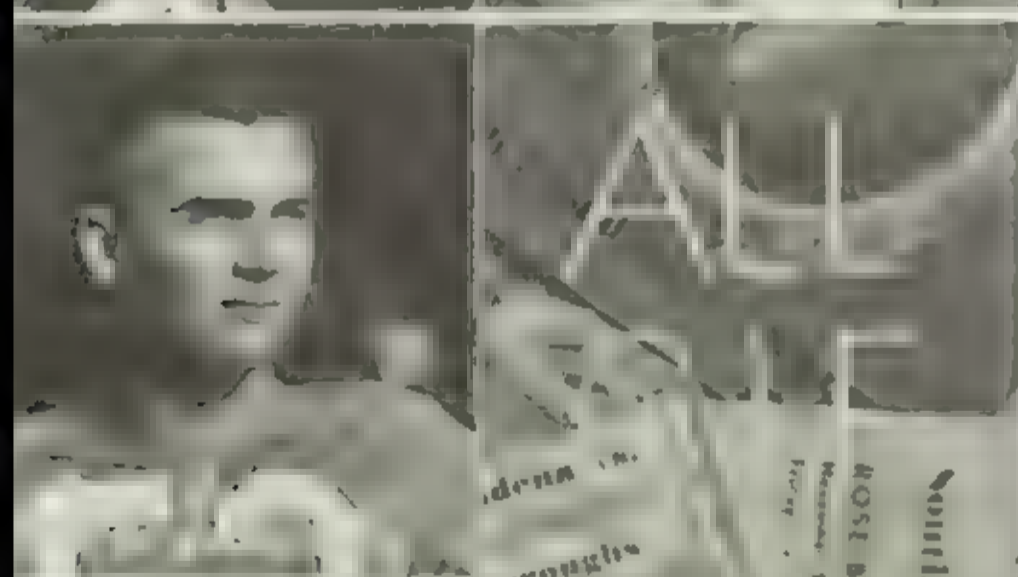

On the fateful day of December 3 the Tigers traveled to Ventura to receive their second defeat of the season.

gers, however, showed themselves to be a skilled team. They ran up a half time score of 20 to 7. However

they lost the game 14 to 20. This was the end of a glorious season for the Tigers. They won a CIF championship and ended the glorious history of the greatest team in Coach Frank Williamson's ten year reign at South Pasadena.

$\frac{d}{dt} \left(\frac{1}{2} m v^2 \right) = m v \frac{dv}{dt}$

1. The first step is to identify the problem. This involves understanding the current situation and what needs to be changed.

2. The second step is to set goals. These should be specific, measurable, achievable, relevant, and time-bound.

3. The third step is to develop a plan. This involves determining the steps that need to be taken to achieve the goals.

4. The fourth step is to implement the plan. This involves putting the plan into action and monitoring progress.

5. The fifth step is to evaluate the results. This involves assessing whether the goals have been achieved and what lessons can be learned.

CROSS COUNTRY REVIEW

When the season started, the team was in good luck. They won their first race, the Cross-Country Invitational, and then they won the second race, the Cross-Country Invitational.

The team's success was due to their hard work and dedication. They practiced every day, and they were very competitive. They were also very team-oriented, and they always supported each other.

One of the team's most successful runners was John Doe. He was a very fast runner, and he was also very durable. He ran the 5K race, and he won it. He was also the team's captain, and he was very responsible.

The team's success was also due to their coaches, who were very experienced and knowledgeable. They provided the team with the best training and support.

The team's success was also due to their parents, who were very supportive. They provided the team with the best equipment and the best nutrition. They also provided the team with the best moral support.

The team's success was also due to their friends, who were very supportive. They provided the team with the best moral support. They also provided the team with the best equipment and the best nutrition.

Varsity Track

TIGER SPIKESTERS

SEASON'S REVIEW

Fighting their way to second place behind Glendale Broadway in the league finals, the Varsity tracksters made fine showings throughout the year. Although excelling as a unit, individuals on the team came through at the end of the season with many new records made.

Some of these individuals were: Ed. Buhlig, who came within one-half inch of breaking the high jump record which is 6' $\frac{1}{2}$ ". Jim Noe, who broke the 120 low hurdle record, held by Reese Cave at 13:2, lowered it to 12:9 and also set the record for the new event, the 180 low hurdles at 20:7; Phil Brabyn, a junior, who won the Bee CIF shot put last year, tossed the weight 51' $\frac{3}{4}$ "; Roger Van Pelt, a senior, tossed it 50' 10"; Louie Robinson who soared 11' 6" in the pole vault; and Irving Anderson who hit 52 flat in the 440.

Jim Noe won the Varsity high point award by taking 66 $\frac{1}{4}$ points. Jim represented the Tigers in 100 at the CIF finals. The other spikesters who represented South Pas are Mousey Anderson in the 440; Jim Noe in the 180 low hurdles; Henry Hand who sailed 21 feet three inches in the broadjump, will enter same in the CIF; Phil Brabyn in the shot put event; and last but not least the relay team.

The CIF Finals were not completed at the date of publication.

Returning lettermen this year were Bob Bird, Mousey Anderson, Jim Noe, Don McLaughlin, Dick Weisen and Louie Robinson.

Although no records were broken by the Tiger Bee Track Team the team made substantial winnings over most of their opponents.

Ken Simpson excelled in the 220 and the 100. Simpson was a returning letterman this year, he stayed with the Bees unlike Norton, Buhlig, Brabyn, and Hand who transferred to the Varsity squad.

Roger Mann also made a good showing in the 220 and 100. Willie Howell competed in both the Varsity mile and the Bee 1320. Mike Gosine and Marshal Clark both did well in the Bee 660. Jerry Turner and Walt Conn brought in points in the Bee shot put.

The Cees improved greatly this year winning their first meet in four years then going on to take more.

Melvin Goldberg was the all-round man; as a returning letterman he took many points in the 100 yard dash and the broadjump.

Those CEE's who qualified in the CIF were perennial Melvin Goldberg in the 100 Tom Shove in the 180 and the relay team with Tom Shove, Melvin Goldberg, Marc Sandstrom and Bob Myer.

BASE

VARSITY

The baseball team has been practicing hard since the start of the season. They have many games ahead of them and are looking forward to a successful season. The team is led by Coach [Name] and the players are all dedicated to their sport.

The team has a strong lineup and is confident they can win any game. They have a lot of talent and are working hard to improve their skills. The team is also very supportive of each other and is always looking out for one another.

The team has a lot of fans and is always well-supported. They are looking forward to playing in front of a large crowd and winning the championship. The team is also very proud to represent their school and community.

The team is also very active in community service and is always looking for ways to give back. They have participated in many charity events and have helped a lot of people in need.

The team is also very active in school activities and is always looking for ways to get involved. They have participated in many school events and have helped a lot of students in need.

The team is also very active in sports and is always looking for ways to improve. They have participated in many tournaments and have won a lot of awards. The team is also very proud to represent their school and community.

BALL

JAY VEE

The Tiger Junior Varsity baseball team turned in an average record having won two and lost four at the time of publication, with two games still to play. Coach Frank Williams has back only one letterman in Bob Alderman from his championship team.

Shortstop Ken Kesler proved to be the spark of the team turning in a fielding average. Bill Woodward picked up the spirit with his fine pitching, being assisted by Bob Edwards, Bob Long and Dave Jenkins.

Other infielders were Dave Rose, Diehl at first, Bob Alderman at second and Dave Maclean at third and Peter Hubbard behind the plate.

The outfield found Natalie DeThoma, Bob Long, Craig McManis and Fred Garrison chasing the fly ball.

The team was defeated by Covina, 4-0, and dropped by Glendale, 4-0, but came back to defeat Covina, 4-0.

John Burroughs was also a member of the team. The team was defeated by Bel Gardens, 2-1, but Bel Gardens turned around and won them to fifth place by a 6-1 win, and Hoover crushed them 14-4. The 1950 Junior Varsity team.

JUNIOR VARSITY TENNIS SQUAD

NIS

JAYVEE REVIEW

South Pasadena's Junior Varsity tennis team was again crowned league champions. In the history of South Pasadena-San Marino High School, the Jayvees have never lost a match, not even a practice one. This record was continued by wins over Glendale, Covina, Burroughs, and Monrovia.

In the first match with Monrovia, their coach had the match contested because South Pas played Gene Barnes who was ninth man on the Varsity. Coach Swart did this because Peter Dobbs, who was tenth, had been in better playing form than Barnes; so Dobbs, was pitted against the Monrovia Varsity. In the return match Monrovia was beaten worse than they were in the first contested match.

With an unbeaten, untied season the Tigers were thus defeated by official decision only, losing to Monrovia the League Championship and taking second place.

Lettermen for the J.V.'s are Harrington, Fundenburg Taylor, Jordan, Chandler, Jemelian, Blakeslee, Mitchel Paris, Bonnell Hammond.

BILL FOOTE

GOLDEN GLOVES

Putting on an exciting but shorthanded exhibition the 1950 Golden Gloves Tournament drew over 600 fans in its spirited three day period.

The champions of the Tourney were as follows: Flyweight George Minard, Featherweight Warren Howell, Lightweight Jay Bowers, Welterweight Doug Young, Middleweight Dave Bear, and last but not least, Light-heavyweight Samuel Morley who was awarded the Light-heavy Championship by default—there being no other light-heavy contenders. Walter Conn, who lost a decision match to Dave Bear, was awarded the Silver Glove for sportsmanship. The sixth annual Tourney thus ending after a successful three day period.

Lettermen for the J.V.'s are Harrington, Fundenburg Taylor, Jordan, Chandler, Jemelian, 2nd ROW, Blakeslee Mitchell, Paris, Bonnell Hammond.

Admiring some of the many gift selections at the HUNTINGTON PHARMACY on Huntington Drive San Marino are Janet Skaer, Mary Jane Turner, and Jane Braby.

Comfortably sitting in one of the new Fords at DAVIS AND SPARKS' are Craig McMangal, Dave Jenkins, A. Gordon, Mary E. Kirk, and B. M. Smith. The showroom is located at 1000 Oak Avenue, South Pasadena.

Eaine Weaver, Forance Burke, Bernice Kurich, Diane Gardner, and Marilyn Amende aboard the GARDNER FOOD PRODUCTS truck, are not products, but you'll see Gardner's "Artistry in Foods" at all local grocers

Debby Patty and Jimmy Constans recommend OLD MILL CLEANERS 2659 Mission Road, San Marino, for quality of work
